2.2 The rate of salary of a part-time teacher shall be in proportion to the percentage of time assigned to the teacher by the board of education.

2.3 Notwithstanding Clause 2.6 of this Agreement, a teacher engaged to teach a summer-school or night-school class shall be paid at a rate equivalent to the teacher's annual rate of salary according to this Article for each hour of time assigned by the employing board of education based on the following:

$$\frac{1}{\text{(Number of school days in the school year)}} \times 5$$

2.4 The board of education shall pay to every teacher who teaches on all the school days of a school year the teacher's full annual salary.

Provided that the term "annual salary" shall mean 40% of the annual rate of salary provided for the teacher by this Agreement in effect for the fall term of the school year plus 60% of the annual rate of salary provided for the teacher by this Agreement in effect for the spring term of the school year.

2.5 In determining the "annual salary" as defined in Clause 2.4, where a teacher is eligible for an increment on a date other than September 1 (or school-opening date if prior to September 1) or January 1, each month except July and August shall be deemed to have 20 teaching days.

2.6 If a teacher is requested by the board of education and agrees to render service on more than the number of school days in a school year, the teacher shall be paid for each additional day an additional sum computed on the basis of:

$$\frac{1}{\text{Number of school days in the school year}} \times \text{Rate of salary in effect}$$

2.7 The board of education shall pay to every teacher under a contract of employment in accordance with Section 200 of *The Education Act, 1995* salary based on the following for each teaching day:

$$\frac{1}{\text{Number of school days in the school year}} \times \text{Rate of salary in effect}$$

$$\frac{1}{\text{Number of school days in the school year}} \times \text{Rate of salary in effect}$$

2.7.2 Notwithstanding Clause 2.7.1, where a teacher under a contract of employment in accordance with Section 200 of *The Education Act, 1995* for all the school days of the school year misses one or more days, the annual salary calculated in accordance with Clause 2.4 shall be reduced based on the following:

$$\frac{\text{Number of school days missed}}{\text{Number of school days in the school year}} \times \text{Rate of salary in effect}$$

The reduction shall occur no later than the end of the month following the month in which the absence occurred.

2.8 Redundancy Pay

2.8.1 In the event that the contract of a teacher is terminated by a board of education pursuant to Subsection 210(1)(b) of *The Education Act, 1995*, the teacher shall be entitled to receive a lump-sum payment of an amount determined:

(a) regarding the first five years by multiplying

$$\frac{10}{\text{Number of school days in the school year}} \times \text{Rate of salary in effect}$$

PLUS

(b) regarding years beyond the fifth year by multiplying

$$\frac{5}{\text{Number of school days in the school year}} \times \text{Rate of salary in effect}$$

for each consecutive year, or portion thereof, of the teacher's most recent actual uninterrupted service with that board. For the purposes of this Clause, "uninterrupted service" shall mean continuity of the contract of employment, or uninterrupted service in terms of consecutive school days, or both.

2.8.2 With respect to Clause 2.8.1(a), the Government of Saskatchewan shall reimburse the board of education its redundancy costs which exceed five days' pay for each of the first five years of service.

2.9 A teacher shall be entitled to receive full salary while absent for selection to and/or service on a jury or as a result of being subpoenaed to be a witness in court. Any remuneration provided by the court, other than expenses, shall be reimbursed to the employing board of education.

2.10 When a part-time teacher, with the approval of the board, attends an institute, convention, workshop or other in-service program on a time not regularly included in the part-time contract of employment, the teacher shall be paid for such attendance in accordance with the teacher's salary rate.

2.11 Upon submission of a written request to the Chief Financial Officer of a school division, a teacher shall be entitled to have deducted, from the teacher's salary payments, voluntary contributions to the Saskatchewan Teachers' Superannuation Plan or the Saskatchewan Teachers' Retirement Plan and/or to the Dr. Stirling McDowell Foundation for Research Into Teaching and Learning.

2.12 Professional Teachers Registration Fees

2.12.1 Any and all fees required as a condition of employment for the annual registration of all certificated teachers with the Saskatchewan Professional Teachers Regulatory Board shall be paid in full on behalf of the teacher by the employer.

ARTICLE THREE

RECOGNITION OF EXPERIENCE

- 3.1** Except as provided elsewhere in this Article, each year of teaching service shall be given full recognition for increment purposes, the onus being on the teacher to provide evidence of such service.
- 3.2** For the purpose of this Article and subject to the provisions of Clauses 3.8 and 3.9, all teaching service shall be combined and given full recognition for increment purposes on the basis of 190 teaching days equalling one year of teaching service, the onus being on the teacher to provide evidence of such service. The board shall provide written confirmation of the teacher's recognition of experience and classification on the teacher's monthly statement of salary.
- 3.3** Following the granting of the first increment, the accumulation of days for subsequent increments shall begin at zero from the date on which the previous increment was granted.
- 3.4** **Definition of Teaching Service**
- 3.4.1** For the purpose of this Article, teaching service shall be defined as service rendered as a teacher in a position requiring a valid teacher's certificate issued by the Ministry of Education or a certificate recognized by the Ministry of Education as being equivalent to a Saskatchewan certificate. Teaching service shall include service rendered in Saskatchewan government-funded prekindergarten programs, as well as kindergarten to Grade 12 programs or in programs which are recognized by the Ministry of Education as being equivalent thereto.
- 3.4.2** For the purpose of this Article, teaching service shall be further defined to include periods of time when a teacher holding a position as described in Clause 3.4.1 is in receipt of salary, partial salary or Supplemental Employment Benefits Plan (SEB Plan) benefits in accordance with Article 8 of this Agreement or in accordance with leave provisions of a local collective bargaining agreement.
- 3.5** Upon confirmation of employment with a board of education, or within such subsequent period of time as may be agreed by the teacher and the board of education, the teacher shall submit evidence of the teacher's previous teaching service to the office of the board. Except as provided elsewhere in this Article, previous teaching service shall be recognized by the crediting of one increment for each year of service up to the maximum of the teacher's class.
- 3.5.1** Teachers who request recognition of and provide evidence of previous service within 90 days of commencing employment shall receive all outstanding salary to which they are entitled retroactively to the commencement of their employment.
- 3.5.2** Teachers who request recognition of and provide evidence of previous service more than 90 days following the commencement of their employment shall receive all salary to which they are entitled effective the date upon which evidence of the additional experience is provided to the employer.
- 3.5.3** The provisions of 3.5.1 shall be waived or extended should the teacher provide evidence to the new employer of a formal request to past employers for documentation that recognizes past teaching experience which was subsequently not received within the timeframe specified in Clause 3.5.1.

- 3.5.4 If a previous employer will not or is unable to provide evidence of past teaching experience, the new employer shall consider other forms of documentation to support the claim of past experience. Other forms of documentation include: pay remittance statements, an employment insurance record of employment, a pension statement of remittances or an affidavit of employment from the past school administrator.

3.6 Related Experience

- 3.6.1 A committee shall be established consisting of an equal number of representatives of the board of education and of the teachers employed by that board. The committee shall consider any application for recognition of related experience of a teaching nature other than that recognized in Clause 3.4, or related experience of a non-teaching nature in the field in which the teacher will teach, as either wholly or partially equivalent to teaching service for incremental credit. The decision of the committee shall serve as a recommendation to the board of education.

Provided that experience credited for teacher certification shall not be recognized for incremental purposes.

- 3.6.2 A teacher who had incremental credit for related experience on August 31, 2013 shall retain such incremental credit as long as the teacher remains in the employ of the same board of education. Similarly, a teacher who commences employment with the board of education on or after September 1, 2013 and is granted credit for related experience under the previous provisions of this Clause shall retain such incremental credit in subsequent boards of education provided there is written evidence of the initial board to grant related experience.
- 3.7 An additional increment shall be credited on September 1, or school-opening date if prior to September 1, and on the first day of each month October through June inclusive that next follows the date on which the teacher has completed an additional year of teaching service in accordance with Clause 3.2.
- 3.8 A teacher shall not be credited with more than one increment during any 12 consecutive months unless the increment credit results from related experience credit.
- 3.9 A teacher who teaches part time on a regular, replacement or temporary contract shall have such time pro-rated and recognized for increment credit.

Every teacher in case of quarantine by order of a medical health officer or the Ministry of Health is, upon furnishing the board of education with the order or a copy thereof certified by the medical health officer or an officer of the said department to be a true copy, entitled to the teacher's salary during the quarantine for a period not to exceed 20 days during a complete academic year.

If the teacher has been employed with a board of education for less than a complete academic year, the board of education shall make such allowance in lieu of salary during the period of quarantine as it deems advisable, such allowance not to exceed the salary for a period bearing the same proportion to 20 as the number of school days during which the teacher has been employed by the division bears to the number of school days in the academic year.

12.2.2 Payment

A teacher absent on account of quarantine shall be paid the salary to which the teacher would have been entitled had the teacher continued regular teaching duties.

12.3 Leave for Officials

12.3.1 This Clause shall be administered in accordance with the following:

- (a) the Federation recognizes legitimate needs of boards of education to maintain the operation of schools; and
- (b) boards of education recognize the need for teachers to participate in the governance of the Federation.

12.3.2 A teacher acting as a member of the Executive of the Saskatchewan Teachers' Federation in accordance with Section 10 of *The Teachers' Federation Act, 2006*, or as an elected or appointed member of a committee of the Federation or who, by virtue of holding an elected office in a local association, attends a meeting called by the Federation, shall be granted leave and shall suffer no loss of salary and benefits during the course of an academic year for any days required to fulfil the duties of that office.

Provided that the Saskatchewan Teachers' Federation shall, upon request, reimburse the employing board of education for the cost of a substitute teacher, including allowances for acting Principals, Vice-Principals and Assistant Principals.

12.3.3 The Federation and its members undertake to provide adequate notice of such leave and this leave will not be used for meetings related to collective bargaining with the exception of leave for negotiation.

12.3.4 In the term of this Agreement, as is meant by Clause 1.2.1 of this Agreement, the use of this Article for the Annual Meeting of the Council of the Saskatchewan Teachers' Federation will be limited for up to four school days in an academic year.

ARTICLE THIRTEEN

13.1 Protection of Classification

The Government of Saskatchewan agrees that the effective date of any amendments to Saskatchewan Regulation Chapter E-0.2 Reg. 25 effective October 19, 2015 under *The Education Act, 1995* respecting the classification of teachers shall not fall within the term of this Agreement.

ARTICLE FOURTEEN

COMPREHENSIVE HEALTH CARE PLAN

- 14.1** There shall be a comprehensive health care plan for Saskatchewan teachers, hereinafter referred to as “the Plan.”
- 14.2** The Plan shall be designed and administered by the Saskatchewan Teachers’ Federation.
- 14.3** The Plan shall include optical, prescription drug and other medical benefits as determined from time to time by the Saskatchewan Teachers’ Federation.
- 14.4** The Government of Saskatchewan shall provide funding for the Plan as follows:
 - 14.4.1** The Government of Saskatchewan shall make an annual payment to the Saskatchewan Teachers’ Federation in each year an amount equal to 2.1% of the total cost of teacher salaries and allowances as provided by this Agreement as determined at January 1 of the current year and as reported on the School Finance Report.
 - 14.4.2** The above payments shall be made in monthly instalments on or before the first day of each month. Any adjustment due to the finalized calculation shall be made on or before April 1.
- 14.5** The Government of Saskatchewan shall have no additional liability for funding of the Plan other than as contained in this Article.

ARTICLE FIFTEEN

GRIEVANCE PROCEDURE

15.1 A grievance may be filed alleging:

15.1.1 Violation of the terms and conditions of employment set out in *The Education Act, 1995* or the Regulations thereunder, as may be amended from time to time, or in other employment-related legislation applicable to teachers, or

15.1.2 That a discretionary decision made with respect to a teacher's employment was made arbitrarily or in bad faith.

15.2 Except as provided for in this Article of this Agreement, Sections 261, 262 and 263 of *The Education Act, 1995* shall apply in the resolution of grievances with respect to this Agreement and the representatives of the parties named pursuant to Section 234 of *The Education Act, 1995* shall have the sole authority for negotiating from time to time for the settlement of grievances covered by the Agreement and for the appointment of members of an arbitration board pursuant to Section 261 of *The Education Act, 1995*.

15.3 Where either party initiates a grievance under Section 261 of *The Education Act, 1995*, the written notice shall include the particulars of the grievance, the relevant clauses of the Agreement and the remedy requested.

15.4 If an alleged violation of a provision in the Provincial Collective Bargaining Agreement which is grievable is not referred to the parties to this Agreement within six months of the time of the occurrence, or when the grievor reasonably ought to have known of the grievable matter, it shall be deemed to have been dropped.

15.5 The time for negotiating a settlement of a grievance pursuant to Section 263 of *The Education Act, 1995* may be extended to such longer period of time as is agreed upon by the parties to this Agreement.

15.6 An arbitration board appointed pursuant to Section 261 of *The Education Act, 1995* shall make its award within 45 days of the appointment of its chairperson.

Provided that, by mutual consent of the parties to this Agreement or with the concurrence of the Educational Relations Board, the arbitration board may extend the time limit specified in this Clause.

15.7 If a grievance is not referred to arbitration within 90 days beyond the date on which the parties conclude that a settlement of said grievance cannot be negotiated pursuant to Clause 15.2, the grievance shall be deemed to have been settled.

15.8 The arbitration board shall not have the authority to add to, subtract from, modify, change or alter any of the provisions of this Agreement; nor to add to, detract from or modify the language herein in arriving at a determination of any issue presented that is properly within the limitations expressed herein.

15.9 A teacher who is requested to attend a meeting which is disciplinary in nature or which may lead to discipline may choose to be accompanied by another teacher or representative of the Saskatchewan Teachers' Federation. Every effort will be made to provide sufficient notice of the meeting, including the purpose of the meeting. If the teacher chooses to be accompanied, the unavailability of the accompanying teacher or representative of the Saskatchewan Teachers' Federation will not result in postponement of the meeting unless otherwise agreed to by both parties.

15.10 Notwithstanding just cause for termination of employment as provided for in Section 210 of *The Education Act, 1995*, a decision to demote a Principal or Vice-Principal or other in-scope personnel shall require reasonable notice of a demotion. Reasonable notice shall be one month per year of service in the role with that school division, or pay in lieu thereof. In no case shall the notice or pay be less than two months. The amount of payment shall reflect only the monthly allowances for the position in question. The calculation of notice shall not include the months of July or August.

ARTICLE SIXTEEN

TEACHER ASSIGNED TIME

The parties to this Agreement agree that effective with the commencement of the 2019-20 school year, the following definitions shall further define the terms and conditions of employment for teachers with respect to the issue of teacher time.

16.1 A teacher's time falls within one of the following three categories:

- (a) Assigned teacher time.
- (b) Time spent carrying on the teacher's professional responsibilities as a teacher beyond their assigned teacher time.
- (c) Voluntary time spent on extracurricular activities and similar matters of benefit to the educational system and students, but extending beyond what the teacher's professional activities require them to do.

16.2 Assigned teacher time consists of the total of assigned teacher time for direct student instruction and assigned teacher time not involving direct student instruction.

16.3 Assigned teacher time for direct student instruction will customarily take place during the school day as defined in *The Education Regulations, 2015*, but need not encompass the entire school day thus defined, and may extend beyond the school day.

16.4 Assigned Teacher Time

- (a) In order to provide for the instruction of students and to administer schools and the programs they offer, the school or the employing school board or conseil scolaire will assign teachers to attend to teaching duties at designated times and places subject to any negotiated or contractual limits.
- (b) Assigned time occurs within a school year as defined by Section 163 of *The Education Act, 1995*, RSS c. E-0.2 and the Regulations thereunder, which includes periods that are considered either instructional time and non-instructional time as defined in Sections 25 and 26 of *The Education Regulations, 2015*.
- (c) Assigned teacher time means the sum of assigned teacher time for direct student instruction and assigned teacher time not involving direct student instruction, each as defined below. Assigned time includes duties assigned by the school board or school as well as duties assigned as a result of collectively bargained provisions.

16.5 Assigned Teacher Time for Direct Student Instruction

Assigned teacher time for direct student instruction is any time in which pupils of a school are in attendance and under the teacher's supervision for the purpose of receiving instruction in an educational program, including work-experience programs, parent-teacher-pupil conferences, examinations and other learning activities provided by the board of education or conseil scolaire.

16.6 Assigned Teacher Time Not Involving Direct Student Instruction

- (a) Assigned teacher time not involving direct student instruction are those times when a teacher is assigned duties to be undertaken at designated times or places that do not involve direct student instruction and may not involve the presence of students. Such assigned duties include, but are not limited to, system-scheduled staff meetings and professional development or in-service training that are directed and required by the school division, in such a way they are or could reasonably be scheduled as part of the school division calendar, and therefore would be consistent for all teachers in the division.

- (b) Assigned teacher time not involving direct student instruction does not include:
 - (i) Time spent on school-related activities collectively agreed to by staff but not mandated by the school board or conseil scolaire.
 - (ii) Time spent beyond the normal assigned time to attend to unforeseen or emergent circumstances.
 - (iii) Voluntary time as referred to in Clause 16.1(c) above.
 - (iv) Staff meetings to address non-system-directed issues except when release time is given for the purpose of that meeting.

16.7 Professional Responsibilities of Teachers

- (a) Professional teachers are responsible for meeting those general functions and duties set out in Section 231 of *The Education Act, 1995*, RSS c. E-0.2.
- (b) Nothing in the definition of assigned teacher time limits a teacher's obligation to discharge their professional responsibilities through a combination of assigned and non-assigned time.
- (c) Teachers have discretion, to be exercised reasonably, as to when they carry out their professional responsibilities that extend beyond assigned teacher time. This includes duties where the outcome required of the teacher is mandatory, but the manner in which the teacher devotes their unassigned time to achieve that outcome is subject to the teacher's discretion.

16.8 Nothing in these provisions affect the duties and responsibilities of teachers who are:

- (a) Principals, Vice-Principals and Assistant Principals with duties assigned in accordance with Section 175 of *The Education Act, 1995*.
- (b) Coordinators, consultants and other employees who are in receipt of a special allowance.

16.9 The parties to this Agreement agree that for the purpose of clarifying the relationship between teacher salaries and teacher time, the following conditions shall serve to further define the conditions of employment for teachers.

- (a) The school year for teachers shall not exceed the number of school days specified in *The Education Act, 1995* and *The Education Regulations, 2015*.
- (b) A teacher's assigned time shall not exceed 1,044 hours within the school year.
- (c) Annual school calendars shall be designed, and Ministry of Education review shall ensure, that calendars can operate within the assigned teacher time limits referred to in (b).
- (d) Any remedy for exceeding the maximum teacher time shall be through the granting of compensatory hours at a future date and not by way of additional wages or overtime, except where Clauses 2.3 and 2.6 of the Provincial Collective Bargaining Agreement apply.

2019-2023 Provincial Collective Bargaining Agreement – Form 7-II updated September 2018

APPENDIX F

TEACHER ASSIGNED TIME

Teacher assigned time deals with the maximum amount of time assigned to teachers as directed and scheduled by boards of education. This maximum applies to all teachers.

The inclusion of the explanatory notes is to provide understanding and clarification regarding the rationale for and implementation of Article 16. This appendix is in effect for the term of this Agreement.

Clause 16.3

Explanatory Note:

Article 16 and the provisions that follow draw a distinction between teacher time, a matter over which teachers and the STF have a particular interest, and the parallel concept of student time, a matter the province regulates in the interests of ensuring appropriate educational standards. While teacher time and student time often span the same time on the clock, they are not the same concepts and need to be defined in a way that provides a clear understanding of the differences between the two.

Clause 16.4

Explanatory Note:

The concept of assigned time is not intended to adopt a time-clock approach for the teaching profession. It is tied into the concept of the annual school calendar. Teachers, as a matter of professional responsibility, are expected to arrive at school sufficiently in advance of their assigned-time duties so as to be ready to perform their assigned duties. The same is true at the end of those duties, recognizing that some time is usually needed for conversations with peers, discussion of current events in the school and so on. Fifteen minutes before and after the assigned duties might be needed for such activities, but this is conceived of as simply an aspect of a teacher's professional responsibility and not as assigned time for the purpose of the limits on assigned time.

Clause 16.5

Explanatory Note:

Practically, in the large majority of cases, the teacher's day will be linked to the school day, and assigned time for direct student instruction time will closely parallel the times students will attend which currently range between 5.0 and 5.3 hours per day,* varying with the number of school days and related factors.

*This is with respect to a regular five-day school week.

Clause 16.6

Explanatory Note:

This definition includes expectations that are common for all teachers, though these may vary from teacher to teacher. Assigned time includes non-instructional days. For example, when teachers are expected or required to attend professional development sessions, participate in professional learning communities, school-wide planning days or administrative days (i.e., the turnaround days, and those days that usually occur at the beginning or end of the school year). The hours of those days would typically be the number of hours equivalent to an instructional day, but need not be, and could be defined in the school-division calendar.

System-scheduled staff meetings are those times and tasks where staff is expected to participate, regardless of whether a particular day has been specified. For example, staff collectively expected to create a school plan that aligns with the Education Sector Strategic Plan, to be done outside the school day, but at a time or on a date left to their staff's discretion, would be included.

If a division provides early release time for staff meetings, that time would be included. If there is an expectation that a set amount of time outside the normal instructional day be devoted to the continuation of the staff meeting, that too would be included. If a division directs teachers to participate, for example, in 10 hours of required online professional development over the course of the year, this would be included. Participation in committees as a school representative or participation in optional professional development would not be included.

Clauses 16.6(b)(i) and 16.6(b)(ii) recognize that circumstances arise in the life of every school that require attention. Clause 16.6(b)(i) addresses staff-identified needs of the school. Clause 16.6(b)(ii) is more directed at unexpected needs that arise due to unforeseen circumstances. Examples might include major weather disturbances, busing disruptions, the need to attend to or plan for unanticipated disruptions in the school's regular activities, fire, flood or similar unanticipated events. Clause 16.6(b)(iii) simply makes it clear that voluntary time for things like extracurricular activities does not count towards the assigned-time calculations.

Clause 16.7

Explanatory Note:

Supervision of students during recess or break periods is considered to be a part of the teachers' professional responsibilities and, therefore, is not considered to be assigned time.

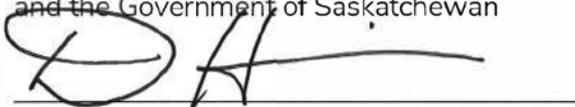

Clause 16.9

Explanatory Note:

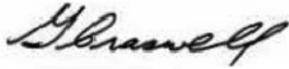

Teachers who voluntarily accept additional responsibilities beyond those described in Section 231 of *The Education Act, 1995* do so outside of their regular assigned time. Examples of this include field trips and student experiences beyond the classroom.
