

ACCESSING PROFESSIONAL LEARNING

OPTIONS FOR PROFESSIONAL LEARNING

1

Individual Teachers Accessing Provincial Workshops

- Individual registrations.
- Dates, topics and locations set by Professional Learning.
- Require a minimum of 10 participants to run.

2

Schools or Systems Contracting Professional Learning Workshops

- Facilitation fee rather than registrations.
- Dates, topics and locations set by school or system.
- No risk of cancellation.

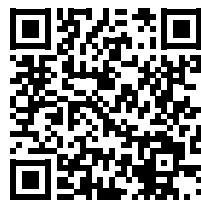

3

Hosted Provincial Offerings

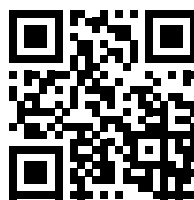

- Facilitation fee for host participants; remaining spots are open to provincial registrants.
- Dates, topics and locations set by school or system.
- No risk of cancellation.
- Host receives ~80% of registration profit.

WAYS TO STAY IN TOUCH WITH PROFESSIONAL LEARNING

Email Notifications

We have been compiling contact lists in areas of interest for the sector including:

- Early Learning
- e-Learning Pedagogy
- French
- Leadership
- Literacy
- Mathematics
- Outdoor Education
- Physical Literacy
- Science
- Social, Emotional and Behavioural Well-Being
- Teaching and Learning

Professional Learning uses these email contact lists to send out relevant information about Professional Learning events and professional learning opportunities. If you are on a contact list, you are able to use it for communication within the sector. If you would like to join, go to our form at the link provided.

Professional Learning on the Web

As part of the Saskatchewan Teachers' Federation, we have a dedicated section on the Federation's website under Professional Resources.

When our new catalogues and information are available, you can find them there!

CONTACT INFORMATION

For general inquiries, contact Professional Learning by phone at 1-306-373-1660 or by email at stfpl@stf.sk.ca.
